## **Finance Committee Minutes for June 11, 2024**

Members Attending: William Auchmoody, Eric Stamper, and Trey Hayden.

Absent: Larry Lyons and Bret Schardein

CRWP Staff attending: Brian Davis and Carla Cosby

- I. Welcome and Call to Order—Chair Auchmoody called the meeting to order at 4:00 pm.
- II. Public Comment – No persons were present for public comment.
- III. Minutes from November 17, 2023 – Mr. Trey Hayden moved to approve the minutes as presented; Mr. Eric Stamper seconded the motion. The motion carried.
- IV. Review of Spending to Budget, Current Year. Mr. Davis reviewed year to date spending against the adopted budget and noted that overall activity is in line with what might be expected. No action was required.

As a result of the creation of the new state workforce agency, local workforce areas were informed that the year-end closeout is accelerated and due on June 4 as opposed to the middle of July in normal years. For the period of transition, actual numbers were submitted for May and estimated numbers for June. If needed, Henrico County will provide any financial support as needed during transition.

V. Proposed PY24/F25 Budget.

For the new year, there will be 12% reductions in youth and adult funds and a modest increase in dislocated worker funds, resulting in an overall 9% reduction.

Dollar amount reduction equates to \$400,000 from the current year. After reviewing the budget as presented, Mr. Davis noted the following to consider:

- Adult and dislocated worker funds are transferable within their programs
- With regards to youth funds, it is unlikely the area can continue to support in school efforts and will likely need to start phasing out programs. In order to start the transition, some administrative funds will be allocated to cover where youth funds are not available.

In response to Mr. Eric Stamper's question about Board Operations increase, Brian noted that staff cell phone, Office 365 charge back, mileage, laptops, Board presentation materials, food, etc. are in this line.

Mr. Eric Stamper made the motion to accept the preliminary budget as proposed; Mr. Trey Hayden seconded the motion. The motion carried. The budget will go to the full Board for approval.

VI. Adjourn. There being no further business, the meeting adjourned.

<b>Capital Region Workforce Development Board Finance Committee Agenda Item Summary – Preliminary Budget for the Program/Fiscal Year Starting 7/1/2025</b>	
<b>What is it?</b>	
<p>The Workforce Innovation and Opportunity Act (WIOA) establishes an annual operating period called a Program Year (PY), which runs July 1 to June 30 of the following year. The PY is identified by the year in which it starts, as opposed to a Fiscal Year being identified by the year in which it ends. We are about to enter PY 25, which is also FY 26. Local Workforce Development Boards (WDBs) are required to have a budget developed and endorsed for review and approval by the consortium of local elected officials (CLEO) prior to July 1 of each year.</p>	
<b>What do Committee Members Need to Know?</b>	
<p>The primary basis of the local WIOA budget is federal adult, dislocated worker and youth program funds allocated by the US Department of Labor and passed through the Commonwealth of Virginia. Allocations are typically released in April or May, using a formula established in law based on unemployment, excess unemployment and poverty. Once state funding levels are released, the state in turn applies the same formula to determine local allocations among the 14 workforce areas in Virginia. 15% of each funding stream is retained by the state, and an additional 25% of dislocated worker funds are held for what are known as rapid response activities to support mass layoffs or closures.</p>	
<b>Timing:</b> The state allocations were not released by DOL until May 17, 2025. The state technically has up to 30 days to determine and release the local funding amounts. This means it is most likely that we will not know our new-year funding levels until after the WDB meets on June 12, 2025. (The CLEO meets on June 20, 2025 so there may be certainty by that time). Typically, each year's budget has been able to be developed using actual new year funding amounts, and using estimates for only the carry-forward money that may be available after current-year close out. <b><u>In this year, we must estimate both carry-forward and new year funding levels.</u></b>	
<b>Reductions:</b>  In December of 2024, the DOL issued planning estimates for WIOA advising states to anticipate a 10% reduction for the year starting 7/1/25. Factoring that, WDB staff started working on an initial budget with an 11% reduction, also in part because an initial budget is required to be on file with Henrico County as the federal grant recipient by April of each year.  The actual state allocations released on May 18, 2025 after Congressional appropriations resulted in 10% reductions for Virginia in adult and dislocated worker funds, and 11% in youth.  The assumption of an 11% reduction across the board appears a sound level for the Finance Committee and WDB to work with as an initial base. In addition to new year reductions, staff is estimating less carry-forward funds being available. Factors for reduced carry-forward include:  <ul style="list-style-type: none"><li>- Trends over 4 years of disproportionate enrollment and spending to support adults as opposed to dislocated workers based upon customer demand.</li><li>- On the youth side, a trend for additional spending year-over-year since COVID when a decision was made to fund in-school efforts in addition to just out-of-school. This has been compounded by a state administrative requirement to accelerate the spending thresholds for work experience activities at a rate faster than the federal law requires.</li></ul>	

**Proposed Budget Framework:**

For purposes of setting a preliminary budget for the new year, staff is estimating a total revenue of **\$5,140,808**, which is down 23% overall from the prior year. The estimated amount of new federal funding is **\$3,931,956** (11% reduction) and \$747,084 carry-forward (56% reduction). On the non-federal side, there is more certainty, and levels are listed as **\$461,768** for the new year with \$114,425 carried from the current year.

Expenses are initially suggested at **\$4,840,093**, which would leave a reserve balance of \$300,715. (Over half of which is in non-federal funds). Of note, despite revenue projected to be down 23% overall, staff has been able to minimize reductions in the adult/dislocated worker and one stop operator contracts to 13% and 14% respectively. This is largely because of the ability to transfer funds between the adult and dislocated worker streams.

Two vacant positions that had been budgeted at the Board level have been eliminated to shift those dollars to services. (One vacancy is retained for a fiscal manager in the event that the current hourly incumbent elects to retire in the fiscal year).

Unfortunately, the youth funding picture does not afford the flexibility found between adult and dislocated worker funds, and this coming year will have to serve as the “reset” that had been predicted. (Of note, one of the current-in-school youth providers voluntarily opted to not seek a renewal of a contract currently set at \$199,000. That factor explains the noted 58% reduction in the in-school youth line).

***What do Committee Members Need to Do?***

Review the attached document for discussion and consideration. In forwarding the Committee recommendation, staff suggests that any excess funding made available that is not included in estimates be held in the reserve line until the Committee, Board and CLEO can re-assign it.

Agenda Item VI.

<b>Capital Region Workforce Development Board Finance Committee Agenda Item Summary – Contractor Independent Audits</b>
<b>What is it?</b> <p>In addition to adherence to the Workforce Innovation and Opportunity Act (WIOA)-specific federal legislation and regulations, because there are federal dollars involved, there are a multitude of other federal regulations that apply to the Workforce Board and its contractors, which are conveyed as conditions in an service provider contract.</p>
<b>What do Committee Members Need to Know?</b> <p>One such federal requirement that applies to federal funding is adherence to the Office of Management and Budget (OMB) circulars and Uniform Guidance.</p> <p>Within the Uniform Guidance is a requirement that contracts with an award amount higher than established thresholds are required to have an independent audit conducted annually. This requirement is carried forward in contracts issued by Henrico County on behalf of the Workforce Development Board.</p> <p>Prior to October 1, 2024, the Capital Region had awarded two contracts that triggered the independent audit requirements because they were in excess of \$750,000:</p> <ul style="list-style-type: none"><li>- Equus Workforce Solutions (\$2,080,000)</li><li>- Ross Innovative Employment Solutions (\$1,200,000)</li></ul> <p>Extracts of relevant pages of the two audit reports are attached for Finance Committee review. In both cases there were no control or compliance issues noted. (The full reports will be available at the meeting on June 5, 2025 should a member wish to review in their entirety).</p> <p>It should be noted that the Uniform Guidance was modified in October of 2024. For any awards issued after October 1, 2024, the independent audit threshold is increased from \$750,000 to \$1,000,000.</p>
<b>What do Committee Members Need to Do?</b> <p>Review the attached documents. No action necessary.</p>
